1. PROJECT OVERVIEW

App Name: JAN PatronFit

Platform/Technology: Flutter (Cross-platform — Android & iOS)

IMPORTANT DISCLAIMER: Both parties acknowledge and agree that this project is NOT a clone, copy, or replica of the Patrandis application. Copying or replicating another application is illegal and constitutes intellectual property infringement. The Developer will build an original application that may share similar functionality or concept but will have its own unique identity, design, and implementation.

2. SCOPE OF WORK

The Developer agrees to:

- Design and develop the JAN PatronFit mobile application using Flutter framework.
- Implement features and workflows as discussed and agreed upon by both parties.
- Conduct testing and bug fixes prior to final delivery.
- Deliver the final build and source code upon completion and receipt of final payment.

The payment shall be divided into two installments:

a) DOWN PAYMENT — PHP 7,500.00

Due before or during the development phase. The Client may pay the down payment at their earliest convenience. Development may begin in good faith prior to receiving the down payment; however, testing and further progress will be paused until the down payment has been settled.

b) FINAL PAYMENT — PHP 7,500.00

Due before the final delivery of the application to the Client. The completed app will NOT be handed over or deployed until the final payment has been received in full.

4. CLIENT PARTICIPATION AND COOPERATION

The Client agrees to ACTIVELY PARTICIPATE throughout the development process. This includes but is not limited to:

- a) Providing detailed information about the desired app features, workflows, and user experience.
- b) Sharing references, procedures, patterns, and operational logic that the Developer needs to understand in order to build the application properly.
- c) Responding to the Developer's questions and requests for clarification in a timely manner.
- d) Reviewing progress, providing feedback, and approving milestones as needed.

Both parties acknowledge that the Developer requires the Client's domain knowledge and input to successfully complete this project. Delays caused by the Client's lack of participation may result in extended timelines.

5. TIMELINE AND DEADLINE

The project development period is one (1) month, starting February 18, 2026 and ending March 18, 2026.

Any delays caused by late feedback, lack of participation from the Client, or delayed payments will extend the deadline accordingly.

6. INTELLECTUAL PROPERTY

- a) Upon full payment, all rights to the JAN PatronFit application, including source code, design assets, and deliverables, will be transferred to the Client.
- b) The Developer retains the right to use the project in their portfolio unless otherwise agreed.

7. REVISIONS AND CHANGES

- a) Minor revisions and bug fixes are included in the project cost.
- b) Major changes or additional features beyond the original agreed scope will be subject to additional charges, to be discussed and agreed upon by both parties before implementation.

8. CANCELLATION

- a) If the Client cancels the project after the down payment has been made, the down payment is NON-REFUNDABLE.
- b) If the Developer is unable to complete the project, a full refund of all payments received will be issued to the Client.

9. CONFIDENTIALITY

Both parties agree to keep all project details, business information, and shared materials confidential and shall not disclose them to any third party without prior written consent.
